ABOUT US

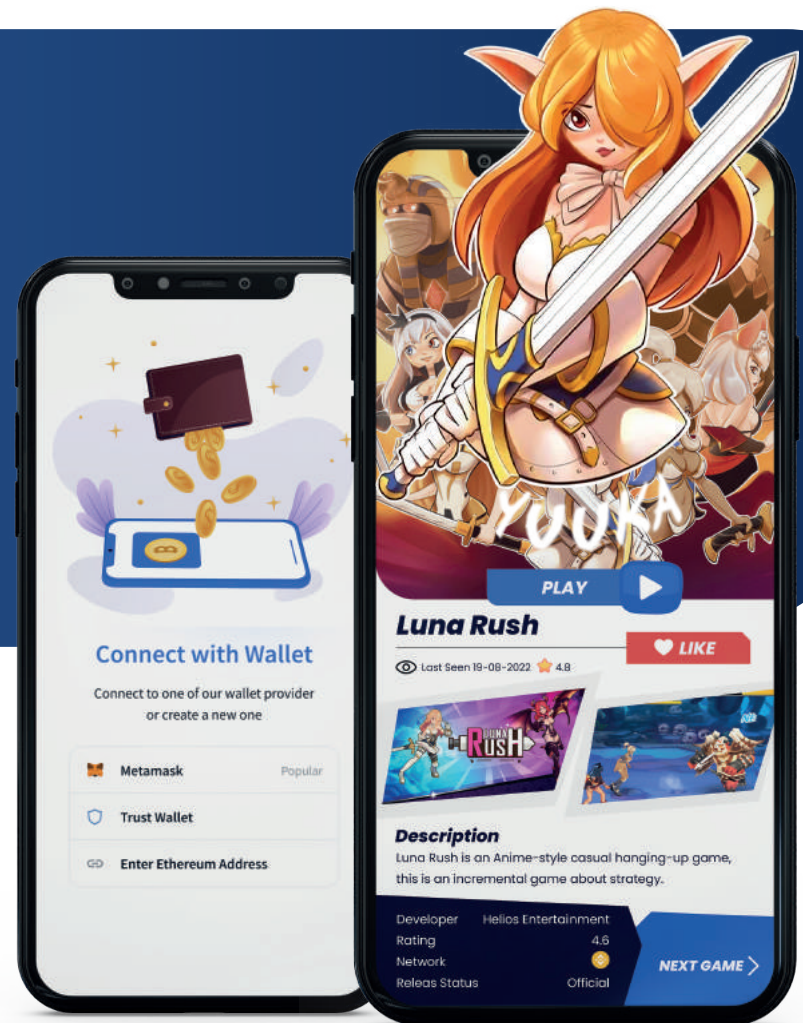

Clupos is new and unique to digital platform that seeks to bring all the useful features of gaming and DeFi into one place, merging the technology of NFTs with web3 gaming, by designing a brand new ecosystem that will allow you to access unlimited features through minting a unique 3D designed NFT. In addition to granting you access to the latest web3 gaming projects. You can now release the gamer within you on the space in multiple worlds on the same platform.

Clupos network is focused on creating a digital content that is designed to match players' and developers' needs, by harnessing metaverse technology, DeFi and NFTs and merging all of which with virtual gaming to offer an ecosystem where users have true ownership and full control of their gameplay.

PRESENTING THE *CLUPOS* APP

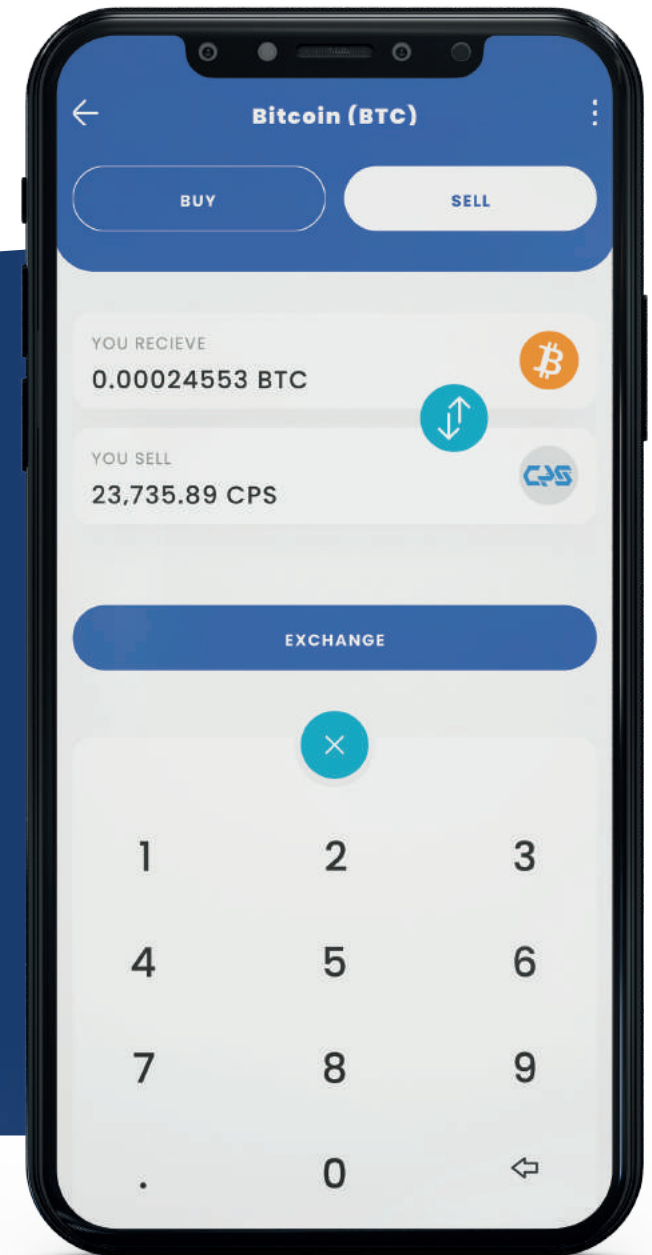

With our unique designed app you will be able to manage your investments, trade freely on the built-in CLUPOS swap, keep an eye on new opportunities for potential gain, stay updated on the latest news in the space. All of this and more features that you will discover when using the CLUPOS app.

CLUPOS A

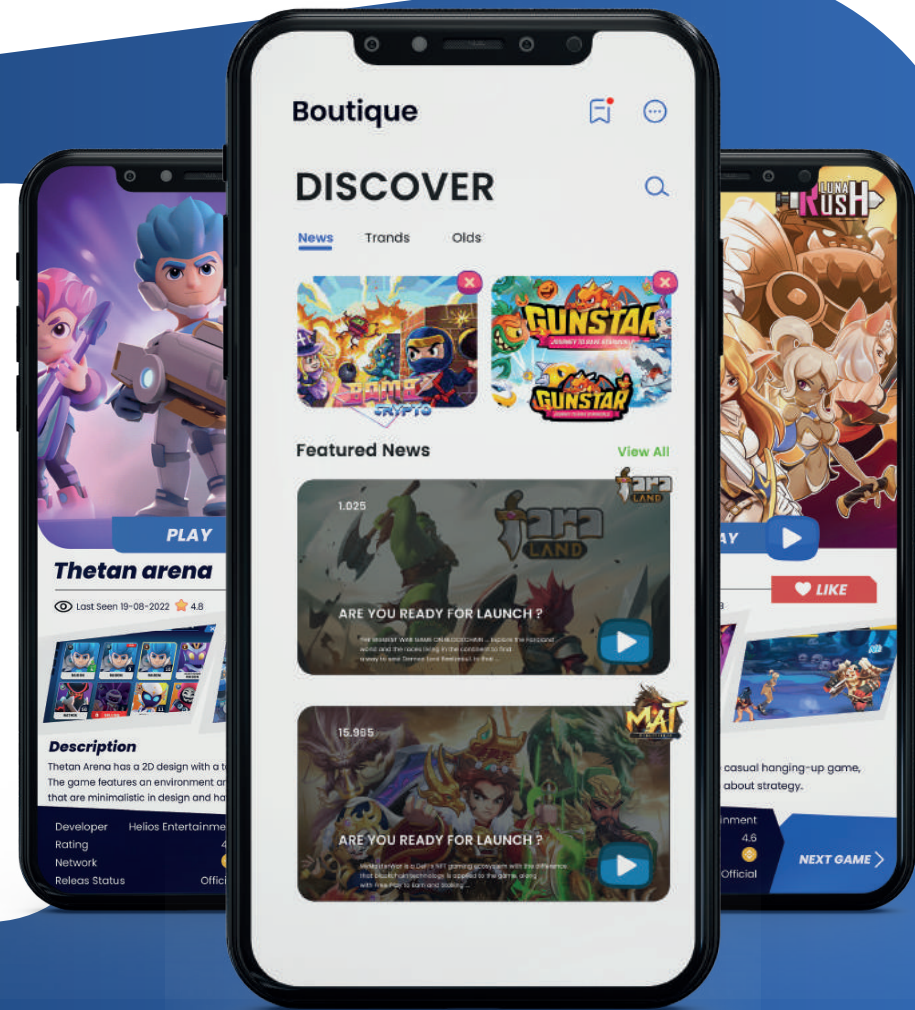

CLUPOS SWAP

A new designed swap system that will allow you to control your wallet in the most secured way and running the swap process smoothly at the same time, all of this by using a new interface that is designed and based on your needs, to make it simple, secured, and fast.

CLUPOS TRENDING

presenting you with the biggest and most promising web3 gaming projects, by using day to day follow up and expert analysis to offer you daily recommendations on the trending p2e opportunities. with our care for details, these recommendations will also be based on your needs and customized to your preferences.

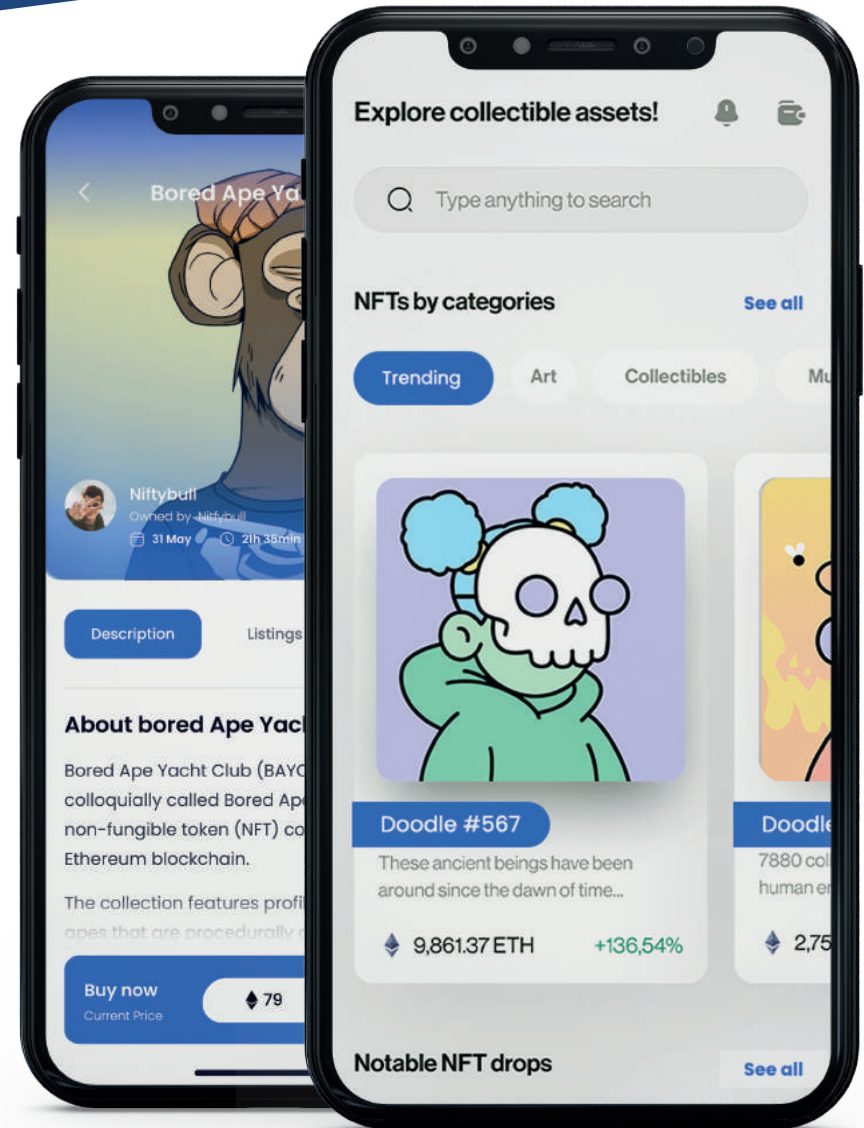

THE CLUPOS MARKETPLACE

One of the major pillars of CLUPOS will be represented in our marketplace, a feature which we aim to make it a perfect tool to use in all aspects.

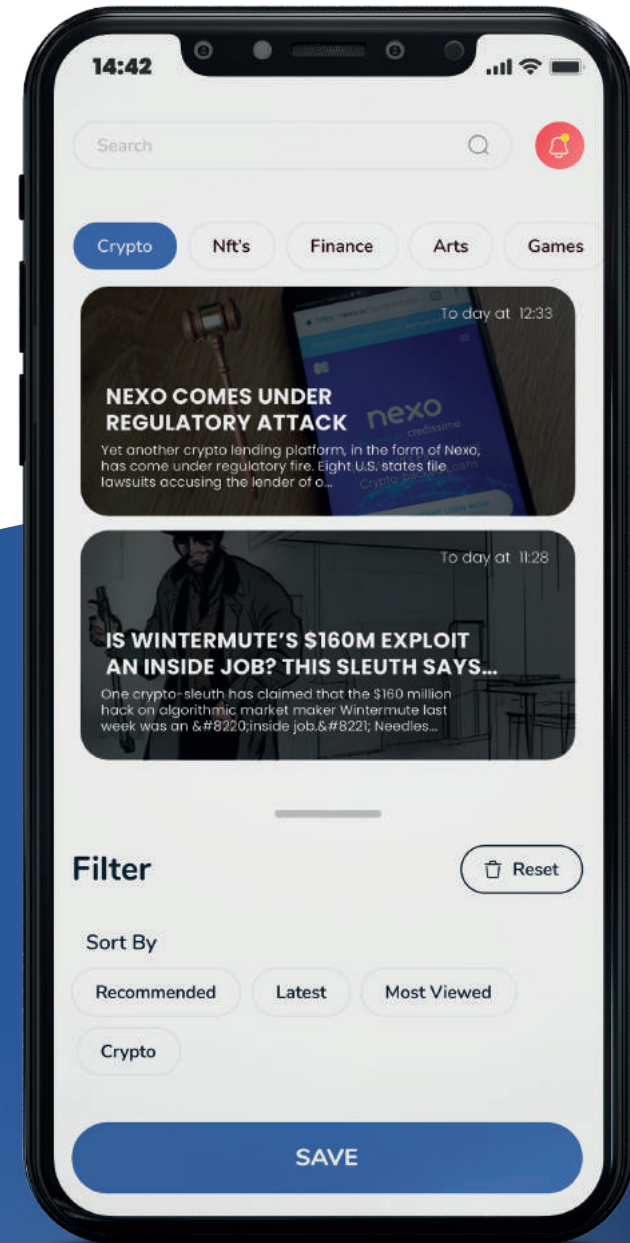

By creating a marketplace based on your needs, to grant you an easy access to all the features you need to carry your daily trades and operations. The CLUPOS MARKETPLACE will be designed to host all kinds of NFT collections, therefore you can trade NFTs on the CLUPOS APP freely and in the most secured way possible.

The CLUPOS APP will also contain a space for the upcoming NFT projects and events, this feature will be integrated within the NFT space on the CLUPOS APP.

CLUPOS NEWS

Staying updated with the latest news on the space is very decisive when it comes to managing investments and carrying day to day operations, that's why on the CLUPOS APP you will have your designed news and updates section to keep an eye out all what's going on, and again it will all be based on your liking.
